

# Community Meetings

## St. Louis Regional Sustainable Communities

We invite you to join East-West Gateway Council of Governments, FOCUS St. Louis, and 10 other regional partners in an effort to coordinate housing, transportation, environmental and economic development planning across the St. Louis Metropolitan Area. This effort will envision a better future for St. Louis that is sustainable, equitable, and livable.

Part of this regional planning process focuses on eleven Community Planning Areas (CPAs) selected as representative communities across our region. This is the second round of a year-long engagement process that includes four meetings in each CPA. Our success relies on robust citizen participation. We encourage residents, business owners, and public leaders in these communities to attend Round 2 to provide feedback and participate in discussions on the ideas that emerged from Round 1.

For more information please visit [www.ewgateway.org/rpsd](http://www.ewgateway.org/rpsd)
